Objective

The Company believes that the key factors that make the Company successful and continuously driven is a factor that can attract, develop potential and retaining employees with high performance and motivation to work for better efficiency in competitive market conditions. The employees will be offered appropriate compensation and in accordance with the market guidelines in similar industries, which are the main components of compensation in order to create and encourage employees to feel motivated, create lasting results and allow the Company to grow continuously.

Related Parties

1. The Human Resources and Administration Department, the Nomination and Remuneration Committee, and / or the appointed committee are responsible for overseeing this policy to ensure that it is implemented correctly.
2. The employees at all levels (Executives and staffs) in the Group of Gunkul Engineering Public Co., Ltd. with skills, competence and readiness.

Remuneration Principle

1. Remuneration is the costs that organizations pay to workers. This expense may be paid in monetary or non-monetary form in order to compensate the performance of duties and responsibilities, motivate the work to be effective, promote the morale of the workers and enhance the well-being of employees' families by determining short-term and long-term remuneration as follows:
 - 1.1 Salary is a remuneration that paid to all employees according to the type and level of position to reflect the job value, KPI and competency which classified by job position, as following executives, president, managers, supervisors, employees and daily employees.
 - 1.2 Other allowances are a remuneration in addition to salaries that paid to employees in accordance with job characteristics, positions, working conditions, or various characteristics. This type of remuneration can be a mechanism to create incentives and adjust remuneration to be more appropriate. Currently, there are various forms of remuneration under different policies, such as special positions, expenses, shift fees, accommodation expenses, fuel expenses, wear and tear, telephone fees, sales commission etc.
 - 1.3 Welfare are services or activities and/or monetary welfare that the Company provides to the employees in order to help the employees become more stable and enjoying in their lives. As well as, a tool to strengthen morale for employees at all levels in order to perform efficiently. As for non-monetary benefits; services or activities, consists of various types of leave, the cost of visiting in case of illness / maternity, annual health check up, sport activities and New Year's party etc. in which for monetary welfare consists of provident fund, retirement saving, medical expenses, group accident insurance, children's scholarships, financial aid in the event of disaster and funeral assistance etc.
