Procedures for Electronic Voting and Vote Counting (E-Voting)**1. Electronic Voting Procedures**

- The Company uses an E-Voting system to allow participants to cast their vote for each agenda item by selecting "Agree," "Disagree," or "Abstain."
- For agenda items that are for acknowledgment only (Agenda 2), no voting will be conducted.
- The meeting must be attended by no fewer than 25 shareholders or proxies, or at least half of the total number of shareholders, and the total number of shares represented must not be less than one-third (1/3) of all issued shares in order to constitute a quorum
- In voting, one share equals one vote, and any shareholder with a special interest in a particular agenda item is not eligible to vote on that item.
- Voting requirements for each agenda item are as follows:
 - (1) Agenda items 1, 3, 4, 5, 6 and 8
Must be approved by a **majority vote** of shareholders attending the meeting and casting votes, counting **only the "Agree" and "Disagree" votes.**
 - (2) Agenda item 2 is for acknowledgment only and does not require a vote.
 - (3) Agenda item 7

Must be approved by **no less than two-thirds (2/3)** of the total votes of shareholders attending the meeting.

- (4) In the event of a tied vote on any agenda item, the Chairman of the meeting shall cast the deciding vote.

2. Voting Procedure via E-Voting

- As this meeting is conducted via electronic means, no printed ballots will be used.
- To cast your vote, shareholders are requested to go to the E-Voting window and vote for each agenda item within the specified time (1 minute).
 - (1) Once a vote is selected, the system will display a pop-up message asking, "Do you confirm your vote?"
 - (2) Shareholders must click "**Confirm**" to validate their vote.
 - (3) If a shareholder wishes to change their vote, they may do so by selecting a new vote again before the voting window for that agenda is closed. Once closed, no further voting or changes can be made.
- After voting is completed, shareholders should return to the E-Meeting window to continue watching the meeting's video and audio. The system administrators will compile all votes from the E-Voting system.
- Shareholders who do not cast a vote for any agenda item will be deemed to have voted "Agree" by default for that item.
- In counting the votes, the Company will include the votes of shareholders attending via electronic means and those submitted by proxy. The Company will use the method of deducting "Disagree" and "Abstain" votes from the total number of eligible votes of attending shareholders.
- Voting results will be displayed in the system and categorized into "Agree," "Disagree," "Abstain," and "Invalid Ballots." The result of each vote will be announced to the meeting after shareholders have voted on each agenda item.

3. Election of Directors

- *In the agenda concerning the election of directors to replace those who are due to retire by rotation, the Company requires shareholders to cast their votes "individually" for each nominated director, in accordance with Article 12 of the Company's Articles of Association.*
- Directors who hold shares in the Company personally shall not exercise their voting rights for any agenda item in which they have a special interest, except for the agenda on the election of directors.
- For this agenda item, votes of "Agree," "Disagree," and "Abstain" will all be counted.

4. Procedure for Submitting Questions During the Meeting

- The Company provides shareholders with the opportunity to submit questions relating to the meeting agenda both prior to and during the Meeting. The Company will arrange for appropriate responses and clarifications, and will ensure equitable treatment of all shareholders.
