Message from the Chairman of the Board

The Board of Directors is aware that the risk management is part of good governance while both risk management and efficient risk control are the critical parts to enhance the company and its group to achieve the objective to undertake the business in a stable and continuous manner. The risk identification and risk management practice are the tools for the company and its group to examine and make a management decision with consideration on prudence and carefulness.

The Board of Directors has arranged the “risk management policy” as a practice and management guideline for the Board of Directors, sub-committee, executives and employees to manage the system and organization in accordance with the good governance concept to ensure the long-term return and value added to the shareholders and to enhance confidence of all stakeholders and to increase the competitiveness of the company and its group for sustainable growth.

24 February 2021
